

Email: 23rd May 2020

Dear Member

AMH Conference 2020

After deep consideration we have decided to postpone our 2020 Conference that was due to take place 11-12 September until next year. As it is our 25th anniversary year and we felt strongly that we would like to celebrate fully with all of us together without any restrictions in place.

Of course, we are really disappointed but due to the current circumstances, I am sure you will understand. We planned a fantastic agenda with some great speakers including Rupert Sheldrake, Julie Bruton-Seal and Peter Jackson-Maine to name but a few. Instead we will plan to have a shorter online meeting with speakers and the AGM, so please keep the date and we will issue more details shortly.

Back to Business

Not quite so fast! We are following government guidelines closely and cannot yet return to work unless there is an emergency or essential reason you need to be at work for. We will keep you posted and as soon as we hear we will issue notice. Going back sooner may affect your insurance so keep this in mind too.

Practitioner Development Seminar

What are the effects of a lockdown on mental health and how as herbalists will we be able to support our patients health and our own?

Join Rumana Zahn as she discusses with herbalist and author Julie Bruton-Seal and Jungian psychoanalyst Paul Attinello the challenges of dealing with the growing concerns relating to mental health and contracting a serious illness.

Date: Wednesday 27 May 2020

Time: 11am-12noon

Where: Online Zoom
